Specifications

Overview Summary:

Upgrade your daily routine with the UGreen 25W 2-in-1 Magnetic Wireless Charger, now available for purchase in South Africa. This sleek, blue charging station combines Qi2 certification with MagSafe compatibility to deliver up to 25W of power to your iPhone while simultaneously powering your AirPods. The strong magnetic alignment ensures your devices snap into place securely, and the foldable design transforms it into a convenient stand for hands-free viewing or video calls.

Built for convenience and speed, this compact charger eliminates cable clutter with its single USB-C input and includes a 1m charging cable in the box. Whether you are at home, in the office, or traveling, experience reliable fast wireless charging that keeps your essential devices powered up efficiently. Buy now to streamline your tech setup.

Performance tier: Premium

Uses: Fast wireless charging for iPhone and AirPods, desk stand for video calls, portable travel charging station, dual-device power solution, MagSafe compatible accessory

Overview:

The UGREEN 25W 2-in-1 Magnetic Wireless Charger, part number W756-55963, is designed for iPhone and AirPods users seeking a fast, fuss-free charging solution from a single compact station. This Qi2-certified and MagSafe-compatible (MPP) device delivers up to 25W power to the latest iPhone 16 models or up to 15W for iPhone 12 through 15, while simultaneously charging AirPods at up to 5W on the base pad for a combined total output of 30W. Sixteen N48H magnets match Apple's standard and provide up to 7N of holding force, ensuring your phone snaps into place precisely and stays aligned throughout the charge.

Description:

This charger combines speed with convenience, featuring a foldable design that unfolds into an adjustable stand for comfortable viewing angles before folding flat again for easy portability. Powered by a single USB-C input, it arrives with a 1m USB-C to USB-C cable included so you can plug in and start charging immediately. The vibrant blue finish adds a modern touch to any desk or nightstand while maintaining the durability required for daily use.

Features:

Key Benefits
The UGREEN magnetic wireless charger offers a seamless experience by eliminating tangled cables and multiple adapters. Its

strong magnetic alignment ensures perfect positioning every time, preventing damage to charging ports from repeated plugging and unplugging. The dual-device capability means you can charge your phone and earbuds at the same time without needing separate power blocks, making it an ideal choice for travel or compact workspaces.

Technical Performance
This device supports advanced fast charging protocols to ensure minimal downtime. It utilizes a high-efficiency USB-C input that dynamically adjusts voltage based on connected devices, supporting 9V/3A, 12V/3A, and 15V/3A inputs. The magnetic array uses sixteen N48H magnets to create a secure connection with up to 7N of force, guaranteeing stability even if the stand is bumped or moved slightly during charging.
