Specifications

Overview:

WH66 DECT wireless on-ear monoaural headset, with single earpiece and touch screen base station. The Yealink WH66 DECT wireless headset is the newest addition to Yealink's ever-expanding headset portfolio. By using DECT wireless technology, the Yealink WH66 offers great coverage and audio quality.

To set the Yealink WH66 aside from competitors, the DECT base station is equipped with a 4" colour touch screen for call control, built-in speaker phone and a two port USB hub. The optional mobile phone wireless charger ensures your mobile phone is always charged.

The Yealink WH66 provides connectivity to your PC or desktop phone via USB or to your mobile phone via the built-in Bluetooth. The Yealink WH66 Mono has a single earpiece with HD quality audio and dual microphones, with Yealink acoustic shield technology to reduce external interference. The Yealink WH66 is more than just a headset, it is an all-in-one workstation for the office or home office.
