Specifications

Overview Summary:

Stay safe and connected on every journey with the WINX VIEW Power Phone Holder & Wireless Charger, now available for South African drivers. This innovative accessory securely holds your MagSafe-compatible phone in full view while delivering up to 20W of fast wireless charging power directly through your drive. With its flexible tilt adjustment and stable suction or adhesive base, you can easily position your device for perfect navigation visibility without taking your eyes off the road.

Designed with premium materials like aluminium alloy and ABS, this lightweight black holder ensures a steady grip even on bumpy roads while keeping your battery charged throughout long trips. Whether you are making calls, listening to music, or following GPS directions, this hands-free setup offers convenience and reliability for modern commuters. Upgrade your driving experience today by buying this essential accessory now.

Performance tier: High

Uses: Navigation support, hands-free calling, music playback, fast wireless charging, road safety monitoring

Overview:

WINX VIEW Power Phone Holder and Wireless Charger Overview:

The WINX VIEW Power Phone Holder & Wireless Charger (Part Number WX-CC104) is engineered to keep your smartphone secure, visible, and fully powered throughout every journey. Designed specifically for MagSafe-compatible phones and cases, this device seamlessly blends a robust magnetic grip with rapid wireless charging capabilities. Whether you need navigation guidance, are taking hands-free calls, or simply want music on the go, this holder provides a smarter setup that adapts to your driving needs.

Description:

This versatile accessory transforms your vehicle into a safer and more efficient workspace by combining a reliable magnetic mount with fast-charging technology. The smart power output automatically adjusts to ensure optimal charging speeds for your specific device, while the adjustable viewing angles allow you to position your phone exactly where you need it without straining your neck. Its lightweight construction ensures stability on rough roads, making it an ideal companion for daily commutes and long road trips alike.

Features:

Why Choose This Mounting Solution
Say goodbye to tangled cables and slipping devices. The WINX VIEW Power Phone Holder offers a clean, hands-free experience that enhances safety by keeping your eyes on the road. With a tilt adjustment of 90 degrees and full 360-degree rotation, you can easily switch between portrait and landscape modes with a single touch. The mount utilizes either a suction or adhesive base for flexible placement on dashboards or windshields, ensuring it stays firmly in place regardless of road conditions.

FAQ

Is this holder compatible with my phone?
The WINX VIEW Power Phone Holder is designed specifically for MagSafe-compatible phones and cases, ensuring a secure magnetic hold during your drive.

How does the mounting system work?
This device features a versatile base that supports both suction cup and adhesive installation methods, allowing you to choose the most stable option for your vehicle's dashboard or windshield.

What are the adjustment capabilities of this charger?
You can customize your viewing experience with 360-degree rotation and up to 90 degrees of tilt adjustment, ensuring the perfect angle for navigation, calls, or music while driving.

How fast does it charge my device?
The WINX VIEW offers smart power output that auto-adjusts to your device, delivering wireless charging speeds of up to 20W with built-in Smart IC protection features for safety.

Can I use this product in extreme weather conditions?
The holder is designed to operate within a temperature range of -20degrees C to 75degrees C, making it suitable for various driving climates while maintaining its lightweight and steady hold.
