WINX Vibe Comfort 3 Wireless Headphones

Product Overview

WINX Vibe Comfort 3 Wireless Headphones, Bluetooth 5.3 & 3.5mm Aux, ENC (Microphone Noise Reduction), 40mm Dynamic Driver Speaker size, 68ms Audio Latency, 2-microphone Array, 400mAh Battery, Type-C Port charging Input, 2h charging time, Up to 60h operating time

Specifications

Overview Summary:

Discover the WINX Vibe Comfort 3 Wireless Headphones, designed for South Africans who value exceptional sound and comfort. With advanced ENC noise cancellation, Bluetooth 5.3 connectivity, and a 40mm dynamic driver, these headphones deliver crisp audio for calls, music, and media. Enjoy up to 60 hours of playtime on a single charge and experience a fit built for extended wear. Shop now to elevate your listening experience.

Perfect for professionals, students, and music enthusiasts, the WINX Vibe Comfort 3 ensures every note is heard clearly and every call comes through crisply. Lightweight, ergonomic, and durable, these over-ear headphones are ready for daily use across South Africa. Buy now and immerse yourself in sound without interruption.

Performance tier: Premium

Uses: Listening to music, taking calls, gaming, online meetings, travel, daily commuting, multimedia consumption

Overview:

Immersive Sound for Everyday Listening
Tune out distractions and focus on what matters with the WINX Vibe Comfort 3 wireless headphones. Built for users who need reliable audio performance in busy environments, these over-ear headphones create a controlled listening space whether you are commuting, working, or relaxing. The design prioritises clarity, comfort, and consistent output, making them suitable for calls, music, and extended daily use across South Africa.

Description:

The WINX Vibe Comfort 3 Wireless Headphones (SKU: WX-HS116) deliver a balanced combination of long battery life, clear audio reproduction, and dependable connectivity. Equipped with Bluetooth 5.3 and a 3.5mm AUX option, they support both wireless and wired listening across multiple devices. Environmental Noise Cancellation with a dual-microphone system improves call clarity by reducing background interference, while 40mm drivers provide full-range sound with defined bass and crisp highs. With up to 60 hours of playback and a lightweight, ergonomic build, these headphones are designed for extended comfort and practical everyday performance.

Features:

Clear Calls with Noise Reduction
Environmental Noise Cancellation operates through a dual-microphone array that filters out surrounding noise during calls. This ensures voice clarity in shared spaces, public transport, or office environments. The system focuses on isolating speech while minimising background distractions, improving communication quality without requiring user adjustment.

Audio Performance and Stable Connectivity
Sound reproduction is handled by 40mm dynamic drivers, delivering consistent output across a wide frequency range. The result is balanced audio with sufficient depth for music and clarity for spoken content.

Connectivity is flexible and stable:

- Bluetooth 5.3 ensures efficient pairing and reduced signal drop within a 10 metre range
- 3.5mm AUX input allows wired use when needed
- Low latency of 68ms supports smoother audio during video playback and casual gaming
- Compatible with Windows, macOS, and Android devices

Extended Battery Life and Fast Charging
The integrated 400mAh battery is optimised for long sessions without frequent charging. This makes the headphones suitable for travel, workdays, and extended listening.

Key power details:

- Up to 60 hours playback time
- Around 40 hours when using the microphone actively
- Full recharge in approximately 2 hours
- USB Type-C charging input for modern compatibility

Comfort and Practical Design
The structure balances durability with wearability. Lightweight materials and cushioned earcups reduce pressure during extended use, while the foldable design improves portability.

Design highlights include:

- Soft PU ear cushions for a comfortable seal
- Adjustable and ergonomic over-ear fit
- Foldable and rotatable structure for storage
- Weight of 240g for reduced fatigue over time

Core Technical Details
For users needing precise specifications, the following summarises the essential technical aspects of the WX-HS116:

- Bluetooth version: 5.3 with AUX support
- Bluetooth profiles: A2DP, AVRCP, HFP
- Wireless range: up to 10m
- Driver size: 40mm dynamic
- Frequency response: 20 to 20KHz
- Impedance: 32 ohm +/-15%
- Signal-to-noise ratio: 70dB
- Audio latency: 68ms
- Audio codec: SBC
- Microphone: dual-mic array
- Battery capacity: 400mAh
- Charging input: USB Type-C (5V/450mA)
- Charging time: 2 hours
- Operating time: up to 60 hours
- Materials: ABS, PP, PU
- Operating temperature: -20C to 55C
- Colour: Black
- Dimensions: 16 x 19.8 x 8.1 cm
- Weight: 240g

What's Included

- WINX Vibe Comfort 3 Wireless Headphones
- Type-C charging cable
- User manual

Reliable Audio for Work and Leisure
With a focus on long battery endurance, stable connectivity, and clear communication, the WINX Vibe Comfort 3 provides a

practical solution for users who need dependable wireless headphones. The inclusion of both ENC technology and dual connectivity modes ensures adaptability across different environments and use cases, from professional calls to casual listening.

Specifications	
Product Code	WX-HS116
Interface Bluetooth	5.3 & 3.5mm AUX
Bluetooth profile	A2DP, AVRCP, & HFP
Bluetooth wireless range	10m
Noise reduction technology	ENC (microphone noise reduction)
Speaker size	40mm dynamic driver
Speaker frequency	20-20KHz
Impedence	32ohm+/-15%
Signal-to-noise (SNR) ratio	70dB
Audio latency	68ms
Supported audio format	SBC
Microphone type	2-microphone array
Microphone sensitivity	-10+/-4dB @1kHz 1Pa
Battery	400mAh
Charging input	Type-C port (5V/450mA)
Charging time	2h
Operating time	Up to 60h (40h with mic usage)
Compatibility	Windows, macOS, & Android
Material	ABS, PP, & PU
Operating temperature	-20degreesC to 55degreesC
Colour	Black
Product dimensions	16 x 19.8 x 8.1 cm
Product weight	240g
