Don't compromise on security or style; buy now and experience the ultimate blend of protection and functionality for men and women alike.

Performance tier:Mid-Range

Uses:Traveling, Gym workouts, Daily commuting, Shopping, Outdoor activities, Student use

Overview:

Microworld X23 Anti-Theft Travel Sling Bag with USB Charging Port

The Microworld CROSS BODY BAG model X23 is a versatile travel and sport sling bag designed for those who value security and convenience. This anti-theft shoulder bag features a built-in password lock, making it an ideal choice for men and women navigating crowded transit hubs, gyms, or daily commutes. Its durable PU skin film exterior offers water resistance and is easy to clean, ensuring your belongings stay protected in various weather conditions.

Description:

This unisex sling bag combines robust security with modern utility, featuring a built-in combination lock that deters theft while keeping your essentials secure. The integrated external USB port allows you to charge your mobile devices on the go by connecting it to a power bank (not included). With a compact design measuring approximately 32 x 17 x 7 cm, it comfortably fits up to a 9.7-inch iPad along with your wallet, credit cards, headphones, and other small items. The soft back panel and adjustable single strap ensure a comfortable fit whether worn across the chest or on the back.

Features:

Key Features and Design:

The X23 model is engineered for active lifestyles where mobility and safety are paramount. It serves as a reliable companion for travel, ensuring your electronics and valuables remain safe from pickpockets thanks to its locking mechanism. The bag includes a dedicated USB charging port that keeps your phone powered during long days out without needing bulky external chargers.

- Model X23 anti-theft sling bag with password lock
- Durable water-resistant PU skin film exterior
- Integrated USB charging port for on-the-go device power
- Soft back panel with adjustable single shoulder strap
- Fits up to 9.7 inch iPad, phone, wallet, and accessories
- Unisex design suitable for both men and women

The construction of this bag prioritizes comfort alongside security. The softback material prevents irritation against the body, while the adjustable strap allows users to customize the fit for their preferred style, whether worn cross-body or on one

shoulder. This flexibility makes it a practical choice for diverse activities ranging from airport travel to casual gym sessions.

What's in the box

The package includes one Microworld X23 Anti-Theft Sling Bag in black. Please note that a power bank is required for the USB charging function but is not included with this product.

FAQ**What is the maximum size of tablet this bag can hold?**

The Microworld CROSS BODY BAG X23 is designed to fit devices up to a 9.7-inch iPad.

Does the USB charging port come with its own power bank?

No, while the bag includes an integrated external USB port for convenient device charging on the go, you must provide your own power bank as it is not included in the package.

How secure is this bag against theft and weather?

The X23 features a built-in combination lock to enhance security during travel or daily activities. Additionally, its durable PU skin film exterior provides water resistance for easy cleaning and protection from light rain.

Can I wear the strap on my back or chest?

Yes, this unisex sling bag has an adjustable single shoulder strap that allows you to comfortably wear it across your chest or back depending on your preference.

What items can I store inside the bag?

The main compartment is spacious enough to hold a mobile phone, wallet, credit cards, headphones, and other portable essentials while keeping them secure.
