

X553-35042

UGreen Nexode S 65W 3-port GaN charger

Product Overview

UGreen Nexode S 65W 3-port GaN charger, 65W total Output across Ports, 2x USB Type-C and 1x USB Type-A Port Configuration, GaN Technology for Compact build, Supports PD 3.0 / PD 2.0 / QC 4.0+ / QC 4.0 / QC 3.0 / QC 2.0 / AFC / SCP / PPS protocols, Intelligent Power distribution system, EU plug Type compatible with 100-240V mains Input, Space Gray Colour finish

Specifications

Overview Summary:

Upgrade your charging setup with the UGREEN Nexode 65W 3-Port Charger, a powerful solution designed for South African users who need to charge laptops, smartphones, and tablets simultaneously without the clutter. Utilizing advanced GaN technology, this compact Space Gray charger delivers up to 65W of intelligent power distribution across two USB-C ports and one USB-A port, ensuring fast and safe charging for all your devices. Whether you are working from home or traveling, its universal compatibility with major fast-charge protocols makes it the ideal companion for modern electronics.

Don't let limited outlets slow you down; secure this versatile and durable charger today to keep your devices powered up efficiently. Buy now to experience reliable performance and premium build quality that protects your investment against over-voltage and overheating while on the go.

Performance tier:High

Uses:Laptop charging, smartphone fast charging, tablet power, travel charging, office desk setup

Overview:

Meet the UGREEN Nexode S, part number X553-35042, a versatile charging solution designed to eliminate cable clutter and power multiple devices simultaneously. This 65W GaN charger combines advanced Gallium Nitride technology with a sleek Space Gray finish to deliver high-speed energy through two USB-C ports and one USB-A port. Whether you are commuting or working from home, the intelligent power distribution system automatically detects connected gadgets and allocates the optimal wattage for each, ensuring your laptop, smartphone, and tablet all receive fast, safe charging without waiting.

Description:

The UGREEN Nexode S 65W Charger stands out as a compact powerhouse that replaces multiple bulky adapters with a single unit. Key benefits include rapid energy delivery thanks to GaN technology which keeps the device cool and small, universal compatibility with major fast-charge standards like PD and QC for seamless integration across brands, and robust safety mechanisms that protect against electrical surges or overheating during extended use.

Features:

Why Choose This Charger

Travelers and professionals alike will appreciate how this unit handles the demands of modern digital life. The inclusion of GaN technology allows for a significantly smaller footprint compared to traditional silicon chargers while maintaining peak efficiency.

You can power a 13-inch laptop alongside two mobile devices at full speed, making it an ideal companion for business trips or busy workdays where outlets are scarce.

- Total output of 65W shared across three ports for simultaneous charging
- Gallium Nitride technology ensures compact size and enhanced thermal efficiency
- Intelligent power management automatically balances load between devices
- Supports PD 3.0, PD 2.0, QC 4.0+, QC 3.0, AFC, SCP, and PPS protocols
- Built-in safeguards against over-temperature, short-circuit, and lightning strikes

Tech Specifications

Designed for reliability in diverse environments, this charger accepts a wide range of input voltages from 100V to 240V at 50/60Hz. The unit weighs just 172g and measures 6.5 x 3.9 x 3.1 cm, making it easy to slip into a bag without adding bulk. It features an EU plug type suitable for standard European sockets and comes in a durable Space Gray casing that resists wear.

- Port Configuration: 2x USB Type-C + 1x USB-A
- Total Output Capacity: 65W
- Fast Charge Protocols Supported: PD 3.0, PD 2.0, QC 4.0+, QC 4.0, QC 3.0, QC 2.0, AFC, SCP, PPS
- GaN Technology Integration: Yes
- Plug Type: EU
- Color: Space Gray
- Dimensions: 6.5 x 3.9 x 3.1 cm

What's in the Box

Upon purchasing part number X553-35042, you will receive everything needed to start charging immediately without needing extra cables or accessories.

FAQ

Can this charger power a laptop and other devices simultaneously?

Yes, the UGREEN Nexode S 65W features three ports (2x USB-C + 1x USB-A) that share up to 65W of total output via intelligent power distribution, allowing you to fast charge a laptop alongside two additional devices at once.

ComX Computers

Product Specification Sheet

Does this charger include a cable for connecting devices?

No, the package includes only the UGREEN Nexode S 65W GaN Fast Charger in Space Gray; you will need to use your own compatible cables to connect your devices.

Is the plug type compatible with EU outlets?

Yes, this unit features a standard EU plug type and supports universal mains input from 100-240V at 50/60Hz for global use.

What fast charging protocols are supported by this charger?

The charger is broadly compatible with leading brands and supports multiple protocols including PD 3.0, PD 2.0, QC 4.0+, QC 4.0, QC 3.0, QC 2.0, AFC, SCP, and PPS.

How safe is this charger for my devices?

The unit includes comprehensive safety protections against over-temperature, overvoltage, overcurrent, short-circuit, over-power, lightning strikes, and anti-interference to keep your equipment secure during charging.
