XG32VQ

Asus ROG Strix XG32VQ 32" WQHD Curved Gaming Monitor

Product Overview

Asus ROG Strix XG32VQ Curved Gaming Monitor - 32" WQHD (2560x1440), 144Hz, Aura Sync, Adaptive-Sync(FreeSync),125% sRGB color space

Specifications

Overview:

ROG Strix XG32VQ offers the perfect balance between smooth gaming and brilliant image quality, so you can enjoy even the fastest-moving visuals in captivating detail. ROG Strix XG32VQ is a 32-inch QHD curved monitor with an astonishing 144Hz refresh rate and Adaptive-Sync (FreeSync™) for an extremely fluid gameplay without tearing and stuttering. It includes integrated ASUS Aura Sync lighting that allows for seamless synchronization with other Aura-enabled components and peripherals, adding personality to your gaming setup.

Features:

Experience the Curve
The 32-inch panel of ROG Strix XG32VQ delivers stunning visuals from all angles, thanks to an 1800R curvature that ensures every point is equidistant to your eyes. This contributes to a greater viewing comfort - even during marathon gaming sessions - and lets you enjoy wide viewing angles with less distortion and color shift, whether on games, movies, or anything else!

Super-Fast 144Hz Refresh Rate
ROG Strix XG32VQ has a super-fast 144Hz refresh rate, ensuring that even fast-paced games played at the highest visual settings look buttery-smooth and completely lag-free. Get the upper hand in first-person-shooters, racing, real-time strategy, and sports titles.

True-to-life Visuals
ROG Strix XG32VQ has a 125% sRGB color gamut for a wider range of lifelike, vibrant colors. Let your screen come to life whenever you play real-time strategy and role-playing games.

Adaptive-Sync (FreeSync™) Technology
Adaptive-Sync (FreeSync™) technology delivers the smoothest, fastest, and most breathtaking gaming visuals imaginable by eliminating screen tearing and choppy frame rates, and by minimizing display stutter and input lag. ROG Strix XG32VQ gives you seamless, lag-free visuals when playing the latest fast-paced first-person-shooters, sports, or action-adventure games.

Customizable Light Signature
Light Signature lets you create and customize ROG Strix XG32VQ's light-projection effects. It includes two ROG logo covers and one blank covers that you can use to create customized, unique light projections to enhance your desktop surface.

Super-Narrow Bezel
Strix XG32VQ features a super narrow bezel design, making it the ideal solution for almost-seamless multi-display setups. Build the ultimate battle station, and enjoy total gaming immersion!

GamePlus Technology
Stemming from the ROG commitment to creating the best gaming experiences, ROG Strix XG32VQ features the ASUS-exclusive GamePlus hotkey with in-game enhancements that help you get the most out of your game. This function is co-developed with input from pro gamers, allowing them to practice and improve their gaming skills

ASUS-Exclusive DisplayWidget
DisplayWidget is an intuitive utility software that lets users tweak settings or configure ASUS GameVisual, App Sync™, and blue light filters. These configurations can also be changed via the onscreen display or the navigation joystick, but ASUS DisplayWidget is a faster and easier way to access these settings.

Robust Connectivity
ROG Strix XG32VQ offers a wide selection of connectivity options, including DisplayPort 1.2, HDMI port ,Mini DisplayPort and earphone jack, USB 3.0 ports.

Ultra-Low Blue Light technology
ROG Strix XG32VQ comes with TÜV Rheinland-certified ASUS Ultra-low Blue Light filters to protect your eyes from harmful blue light. Select from four different filter settings via the on-screen menu.

Flicker-free technology
ROG Strix XG32VQ reduces onscreen flicker to give you a more comfortable gaming experience. This minimizes eye strain during marathon gaming sessions.

Ergonomic Design
ROG Strix XG32VQ features a stand that's ergonomically designed to offer extensive swivel, tilt, and height adjustment - so you can always attain the ideal viewing angle.
