Specifications

About this product

The Microworld YEC334 LCD Cleaning Kit is a practical 3-piece screen cleaning solution for keeping LCD monitors, laptop displays, LCD TVs and other compatible screens clean and clear. The kit includes a cleaning brush, wiping cloth and cleaning solution designed to help remove dust, fingerprints and surface marks. Buy now for convenient screen care and shop now and save.

Overview Summary

Microworld YEC334 LCD Cleaning Kitprovides a convenient way to maintain the appearance of LCD screens and displays. The 3-piece kit combines a brush, cleaning cloth and cleaning solution for everyday screen cleaning.

The cleaning cloth is designed for gentle wiping and strong water absorption, helping clean the screen without leaving visible fluff. The kit is suitable for cleaning TFT LCD monitors, laptop screens, LCD TV screens and compatible display surfaces.

Performance tier: Essential screen cleaning accessory

Uses:LCD monitors, laptop screens, LCD TVs, TFT displays, electronic display maintenance

Description

The Microworld YEC334 LCD Cleaning Kit is designed to make routine screen maintenance simple and convenient. The kit contains three pieces - a cleaning brush, a cleaning cloth and a bottle of cleaning solution - providing the basic accessories needed to clean compatible LCD display surfaces.

The cleaning brush can be used to help remove loose dust and particles, while the cloth provides a suitable surface for gently wiping the display. The cleaning solution is intended to assist with removing marks and stubborn surface dirt when used according to the supplied cleaning instructions.

The kit is suitable for TFT LCD monitors, laptop screens, LCD TV screens and other compatible displays. For best results, fold

the edge of the cloth inward and wipe gently from the centre of the LCD screen outwards. For stubborn stains, shake the cleaning solution before use and apply it as directed.

The YEC334 is a useful accessory for home users, offices, students, technicians and anyone who regularly works with LCD displays and wants a simple screen cleaning solution available when needed.
