YLOT01YL

Yeelight LED Light Strip Extension - 1m

Product Overview

Yeelight LED light strip extension - 1m, YLOT01YL, 16 million colors adjustable, 2.1W rated Power

Specifications

Overview:

Enjoy Immersive Gaming Time with LED Light Strip

The LED Light Strip is designed to create a more immersive gaming experience by offering interactive RGB light. Integrated with Razer Chroma RGB, the LED strip enables responsive lighting effects triggered by game events. Spectacular gaming starts now!

Control Your LED Light Strip the Smart Way

The LED strip features a more stable connection with your favorite smart home platforms, such as Google Assistant, Apple HomeKit, Samsung SmartThings, Amazon Alexa, etc. You can easily control your LED strip via voice or a touch on the screen.

Sync Smart Strip with Your Digital Lifestyle

Easily automate multiple LED light strips throughout your home with smart group controls, timers, brightness, and color temperature adjustment. The lightstrip can be easily controlled anytime, anywhere with the Yeelight App.

Go from Drab to Fab with Smart Strip

The RGB LED light strip is designed to add tasteful accents throughout your home. With multiple preset light scenes to meet different occasions, the LED light strip is especially great for adding decor for holidays, parties, and special events.

Trimmable and Extendable Lightstrip to Meet Flexible Needs

The LED light strip is flexible to be trimmed/extended to fit into any place of your home. Simply measure your space, cut the LED light strips to length, and stick into place - or easily extend their reach up to 32.8ft with Yeelight extension kits.

Features:

What is included
