

Brand-Rex Optical Components - FibrePlus Patch Panels

FibrePlus - Part Loaded Patch Panels

Standard panel rear gland hole configuration

FibrePlus Panels are pre loaded with Fibre Optic adaptors

Front Panel for up to 24 fibre FC, ST, SC 12 or 24 way DC, 48 fibre LC, MT-RJ, 96 fibre LC quad

Minimum depth 237mm

Front Panel includes a port identification strip

Suitable for Blolite

PRODUCT DESCRIPTION

The FibrePlus 19" 1U fibre Optic Patch Panels have been designed to optimise both the internal fibre management but also to add greater fibre density. Constructed from mild steel with a powder coated paint finish the panels are available in Black or Grey. The Patch Panels offers a flexible and highly versatile solution for optical splicing and patching. The panel's shallow depth allows it to be installed within the majority of standard racks and wall mounted enclosures. The integrated design features ensure that even once installed panels can be readily re-configured to accommodate the changing needs of today's high speed networks.
