

MINIX CP86

Why Minix?

At Minix, we noticed a significant gap in the market for high-quality, premium CarPlay units. With our extensive technology background, we felt compelled to address this need. The CP86/CP86AA CarPlay unit is a product of our commitment to innovation and excellence. We wanted to create a CarPlay unit that truly fulfills the demand for a superior, reliable, and user-friendly experience. By leveraging our expertise, we've developed a series of CarPlay products that not only meet but exceed customer expectations, setting a new standard in the industry. The CP86/CP86AA represents our dedication to enhancing in-car connectivity and driving satisfaction.

Compact Wireless CarPlay

The Minix CP86's thumb-sized form factor effortlessly converts your wired CarPlay to wireless, providing a clutter-free and seamless driving experience. Enjoy the convenience of wireless connectivity with ease.

Extensive Vehicle Compatibility

Our Carplay unit's database, like a fine aged wine, has been crafted with time and extensive research. Compatible with over 800 vehicle models, it ensures seamless and reliable connectivity. Unlike other units with frequent connectivity issues, our system guarantees stable integration for a smoother driving experience.

Auto Reconnect

The Minix CP86 dongle automatically reconnects to your CarPlay system every time you enter your vehicle. Enjoy seamless continuity without the arplay UsB stich need for manual setup. This feature ensures a hassle-free and convenient driving experience, allowing you to focus on the road ahead.

Wireless Freedom

With the Minix CP86 dongle, experience the freedom of wireless CarPlay. Place your phone anywhere in the car and enjoy a smooth CarPlay experience on your existing display, eliminating the hassle and clutter of wires for a more convenient drive.

Seamless Audio Connection

The Minix CP86 dongle ensures absolutely wireless connectivity with no audio delay. Experience crystal-clear sound instantly, whether you're making calls, using Siri, or playing music. Enjoy the benefits of a completely wireless setup with perfect audio synchronization.

Versatile 90 Degree Adapter

Our 90-degree adapter ensures the Minix CP86 fits perfectly into various car settings. This flexible design allows for easy installation, making it compatible with a wide range of vehicle configurations for a seamless setup.
