Product Specification Sheet

Notepac Plus - Atmosphere Range

Part #: TNT006EU

Product Description:

This new case from the Targus Atmosphere range offers a unique style in a highly functional design. Its innovative shape and two tone design make it elegant for today's executive. Holding standard 15.4" notebooks this case protects your computer in a high-density padded computer section with side storage space for your accessories (power supply, mice, keypads, etc). Features include: a front pocket with work station for quick access to items you need most: your airline ticket, passport, PDA, pens, CD, keys and business cards - eliminating the need to open the main compartment to access these items. The Targus Atmosphere range of cases are the first cases on the market that include the "Reception Blocker Pocket"- insert your phone in this pocket while you are in meetings, and no sound will emit even when turned on. Once removed the phone will automatically re-establish communications and provide full service. You no longer have to turn your phone off when you do not wish to be disturbed thanks to this innovative feature of the Targus Atmosphere range. Made from lightweight materials and with an ultra comfort handle, it's a must for organisation, durability and style, this case is ready when you are.
