Transcend®

JetFlash® 530

USB Flash Drive

Compatible with Windows®7

Imagine doing all your work without the need to take a cap on and off whenever your USB flash drive is used. With a capless retractable design that protects the drive and its contents, the tough yet stylish JetFlash 530 is a durable and convenient tool for storing, transferring, and sharing multimedia and more.

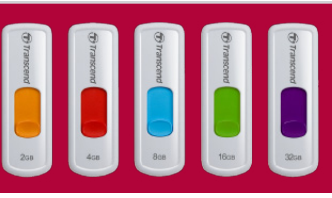

Created specifically for users with active lifestyles, the JetFlash 530 comes in five lively bright colors that match its adorable gloss-white case: orange, red, blue, green and purple. With its refined design and large storage capacity (up to 32GB), the JetFlash 530 is a USB flash drive that you will never get tired of using.

Up to **32GB** of storage capacity

JetFlash® elite

Take your E-mail with you on the road

JetFlash elite allows you to store your E-mail for easy access when traveling. Send, receive, and save email safely on your JetFlash using any compatible computer – without leaving any trace of your correspondence for others to find.

Browse your favorite websites wherever you go

The Favorites function saves a copy of all your Internet Explorer Favorites on your JetFlash, allowing you to plug your JetFlash into any compatible computer and browse your websites just like you would at home.

Convenient one-click automatic website log in

Instantly log in to your online website accounts with just a single mouse click. AutoLogin keeps a secure database of all your online usernames and passwords on your JetFlash, so you'll never worry about losing your password again.

Powerful security with encrypted file-compression

Compress your saved files to maximize memory storage space and password-protect your data with powerful 256-bit AES Encryption. With Secret-Zip, you can store files securely while saving space at the same time.

Backup, restore and synchronize your mobile data

Automatically backup, restore, and synchronize your important data. Once a backup is created on your JetFlash, DataBackup allows you to instantly update the backup with any modifications you might make in the future with a single mouse click.

Protect your computer with confidence

Use your JetFlash as a key to lock your desktop or notebook computer and prevent others from accessing your data while you are away. Simply unplug the JetFlash to lock, and plug it back in to unlock.

A shortcut to all your JetFlash data

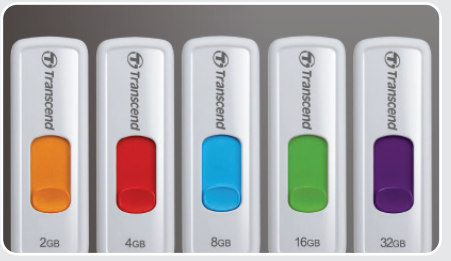

Just one easy click opens your JetFlash folder, so you can manage your files quickly and easily.

★ *JetFlash Elite* software only works with Windows® 7 / Vista / XP /2000
★ To use PC-Lock and AutoLogin you must have Administrator rights.
