

Wireless presentation system to increase productivity

As an enterprise-level wireless presentation system, Yealink RoomCast allows participants to cast their screens to a TV simultaneously through Yealink Wireless Presentation Pod, Miracast, AirPlay and Google Cast, and use interactive collaboration features. This can facilitate local collaboration in traditional meeting rooms and increase productivity. Furthermore, except for its compact design and built-in 802.11ac 2x2 MIMO Wi-Fi, it can support STA/AP/P2P Wi-Fi mode at the same time and provides PoE or DC power supply for you to choose. All combine to make Yealink RoomCast the ideal wireless presentation solution in small and medium-sized meeting rooms or multimedia classrooms.

Yealink Wireless Presentation Pod

Google Cast

Miracast

AirPlay

4-Screen Casting

Extended Display Casting

Annotation

Virtual Whiteboard

Remote Device Management

4K/60FPS

Key Features and Benefits

Unlimited Casting, Higher Productivity

Perfectly compatible with Windows, Mac, iOS, Android and other operating systems, it allows you to cast screens wirelessly with Miracast, AirPlay, and Google Cast and Yealink Wireless Presentation Pod, and provides the interactive collaboration feature, making the wireless presentation experience easy and convenient. Besides, Yealink RoomCast can display clearer content to participants as it supports up to 4K/60FPS video codec.

Multi-Party Collaboration, Creativity Simulating

Supporting casting 4 screens to a TV, Yealink RoomCast brings richer meeting content, saving you from switching screens. Moreover, it can provide the interactive collaboration features, such as virtual whiteboard, the annotation, or the intuitive remote control, which can integrate participant opinions, promote interaction and collaboration between participants, improve efficiency, and bring creativity for meetings, discussions, or brainstorming.

Safe, Reliable, and IT-Friendly

Its compact design and PoE power supply allow you to place Yealink RoomCast on the TV or the desktop, hiding all cables and presenting a clean meeting room. At the same time, you can manage and diagnose Yealink RoomCast remotely on Yealink Device Management Platform or Yealink Workspace Management Platform.

- 4K/60FPS
- Yealink Wireless Presentation Pod
- Miracast
- AirPlay
- Google Cast
- 4-Screen Casting
- Virtual Whiteboard
- Annotation
- Intuitive Remote Control
- Power over Ethernet
- Remote device management
- AES 128 data encryption

Specifications

Decoder	4k/60fps
Connectivity	- Gigabit Ethernet 802.11ac 2x2 MIMO Wi-Fi - Bluetooth 5.0 - Ultrasonic communication
Interface	1 x HDMI-out 1 x Gigabit Ethernet Port (PoE supported) 2 x USB type-A 1 x Reset Slot 1 x Power connector 1 x Kensington Security Slot
Power Supply	- Power over Ethernet (IEEE 802.3af) 12V Power Adapter
Presentation	- Yealink Wireless Presentation Pod - Miracast - AirPlay - Google Cast
Extended desktop	- Available for Windows - Requires Miracast or Yealink Wireless Presentation Pod
Collaboration	- Whiteboard - Annotation - Intuitive Remote Control
Number of sources simultaneous on screen	Four
Security Guarantee	- Cast streaming isolated in local area network - WPA2-PSK encryption for Wi-Fi network - With AES 128 encryption for data protect - PIN code to prevent unwanted stream
Device Management	- Yealink Management Cloud Service - Yealink Device Management Platform
Dimensions	- Size (mm): 145 x 72.5 x 23.5 (5.71" x 2.85" x 0.93") - Weight: 0.192kg (0.423 lb)
