Canon Maxify MB2140 Multifunction business Inkjet Printer with Fax

### Product Overview

Canon Maxify MB2140 print+scan+copy+fax Multifunction business Inkjet - wireless network+cloud ready, 4 single ink, duplex printing+copy, 6.2cm LCD; print 600x1200dpi; mono/colour: 19/13ipm, 250 sheets input tray; with 50pages ADF, scan 1200x1200dpi, 48/24bit; 99 multiple copies, 25-400%; as standalone fax with 33.6k G3 modem, support colour fax, 250pages fax memory, 100+3 x speed dial, duty: 15000pages per month - USB 2.0; support scan/fax to USB

### Specifications

#### Overview:

Outstanding multifunction colour inkjet printer, scanner, copier and fax, with print and scan support for mobile devices and cloud services, 19 ipm mono print speed and a range of network features.

#### Features:

##### High capacity, high quality

Versatile printer, scanner, copier and fax designed for home offices that need great mono and colour print quality with a low cost per page. With a large 250-sheet feeder and 50-sheet automatic document feeder, the Canon MAXIFY MB2140 produces outstanding prints with vivid colours and crisp text using its marker- and friction-resistant DRHD inks. The Canon MAXIFY MB2140 prints A4 at a fast 19 ipm mono and 13 ipm colour, while its first page out time (FPOT) is just 6 seconds.

##### Economical to run

From its low energy consumption of just 0.2 kWh (TEC) to the high yield, individually replaceable colour cartridges, economy is a priority. Black cartridges provide an ISO yield of 1,200 pages and colour cartridges 900 pages, letting you work with fewer interruptions. The optional 4-colour multipack offers even more cost-effective printing.

##### Productive and easy to use

Double-sided printing and support for a variety of paper sizes and types - from A4 plain paper to labels, envelopes, photo paper and even two-sided ID card copying - makes light work of common office print jobs. Built for productivity, the printer is quick and simple to use: whether printing, copying, scanning or faxing, they're all within easy reach with the Canon MAXIFY MB2140's 6.2 cm (2.5") TFT colour screen.

##### Print from smartphones, tablets and the cloud

Google Cloud Print, Apple AirPrint (iOS), Mopria and the Canon PRINT app are all supported, as is printing from the cloud and

## ComX Computers

### Product Specification Sheet

even scanning and saving documents to popular cloud services, including Google Drive, Dropbox, Evernote, OneNote, OneDrive and Concur. Access Point mode means that smart device users can connect to the printer even without a Wi-Fi network.

### Monitoring and maintenance capabilities

IP address filtering provides access rights to only a select number of users, while SMTP support allows secure scan-to-email within an office network. System administrators can quickly and easily configure the printer and restrict certain operations, such as scan-to-USB.

### Simple network integration

System administrators will appreciate the Canon MAXIFY MB2140's Simple Network Management Protocol (SNMP) compatibility, a device management standard that makes it easy to integrate the printer into existing office networks. SNMP enables a range of maintenance monitoring functions, including ink levels, error status, and page counts.
